-----------	---

DURATION	4 weeks
----------	---------

STATEMENT	<i>'From initial budget negotiations and then over the period of two years, montagen plus has been with us during this whole project. The quality and flexibility as well as the adherence to schedules have been confirmation enough for us that we have made the right decision in agreeing on working on this project together. We always felt taken care of and the montagen plus staff have made it their goal to support and help us with any issue that came up during this whole project.'</i>
